

## The MDF® Promise

### HANDCRAFTED SINCE 1971

MDF® Instruments stethoscopes have been handcrafted in the MDF® artisan tradition since 1971. They are super-duty, high-performance medical tools that meet the toughest requirements of precision and accuracy.

### LIFETIME WARRANTY

MDF® stethoscopes and reflex hammers are covered by a full lifetime warranty against manufacturer's defects. Aneroid sphygmomanometers have a lifetime calibration warranty and three-year warranty on the cuff and bulb.

### FREE-PARTS-FOR-LIFE PROGRAM<sup>SM</sup>

Never pay for stethoscope replacement parts again. MDF® Instruments offers free lifetime replacement ComfortSeal™ eartips, non-chill bell rings, diaphragm retaining rings, diaphragms, and ID tags.

*Crafting Wellness.*  
SINCE 1971

### YOU ARE CRAFTING WELLNESS. HOW CAN WE HELP?

MDFers around the world are doing great things—volunteering their time, energy, and resources to provide healthcare to those in need.

If you (or someone you know) are involved in helping those in your own neighborhood or in far off places, let us know how we can help your cause! Email [mission.control@MDFinstruments.com](mailto:mission.control@MDFinstruments.com) or call us at +1.818.357.5647.

Follow us on Facebook and Twitter to stay up to date on the latest causes we're supporting.

## MDF® Instruments

Handcrafted  
Since 1971

X0708

**MDF® 797X PROCARDIAL ERA™ STETHOSCOPE**

This is not a cardiology or cardiac stethoscope, this is the MDF® ProCardial ERA™—the very first stethoscope of its kind. We promise, you’ve never seen a stethoscope like this. It is a stethoscope completely reinvented and you won’t believe how light it is. Enhanced by 7 unique patents, it features the patented sound-sealing A2X tubing, a convertible chestpiece with 3 real bells and 3 separate diaphragms in adult, pediatric, and infant modes. Covered by a lifetime warranty and the Free-Parts-for-Life Program™.

BO

**MDF® 777 MD ONE™ STETHOSCOPE**

The MD One™ is the most popular model in the MDF® product line and features a premium-grade stainless steel chestpiece and ErgonoMax™ headset, thick-walled tubing, and clear silicone ComfortSeal™ eartips for superior acoustic clarity. This all-purpose stethoscope is ideal for general assessment in all settings. Covered by a lifetime warranty and the Free-Parts-for-Life Program™.

**MDF® 808B CALIBRA™ PRO SPHYGMOMANOMETER**

The lost art of the double bellow sphygmomanometer has been revived and crafted by MDF Instruments. The MDF® Calibra® Pro Pocket Aneroid Sphygmomanometer is probably the last remaining of its kind in the world. It is stress-tested over 3,000 times and calibrated five times, for double the accuracy, durability, and longevity, making it perhaps the most dependable blood pressure measurement device. It is covered by a three-year warranty on the bulb and cuff, and lifetime calibration warranty on the gauge.

**MDF® NT13 FEBRIS™ TOUCH-FREE INFRARED THERMOMETER**  
**MDF® 15 LENUS™ DIGITAL BPM > WRIST**  
**MDF® 65 LENUS™ DIGITAL BPM > ARM**

MDF Digital Wellness Monitors suite features Febris, innovative Touch-Free Thermometer and the LENUS class of digital blood pressure monitors. The Febris Touch-Free Technology allows you to simply point towards the patient forehead or any object to get an instant and accurate temperature reading. Lenus™ class blood pressure monitors have the largest display in its class and are fully-automatic digital blood pressure monitor that delivers fast, reliable measurements of blood pressure and pulse. Covered by a 2-year warranty.

29

**MDF® 848AR AIRIUS® PALM ANEROID SPHYGMOMANOMETER**  
**MDF® 848IC ICONICA® PALM ANEROID SPHYGMOMANOMETER**

The Iconica® and Airius® gauge is made entirely in Germany, and it is the original creations of Bosch + Sohn™ that became the most popular sphygmomanometers in Europe. A collaboration between industry pioneers—Bosch + Sohn™ and MDF® Instruments—brings you the world’s most recognizable and respected sphygmomanometers. Backed by the tradition of craftsmanship and heritage of excellence of over half a century, these are instruments for those who pursue perfection and value unrivaled precision. Covered by lifetime calibration and three year warranty.

**MDF® 535XT TELESCOPING BABINSKI 2.0 HAMMER**  
**MDF® 505XL PROFESSIONAL-GRADE TAYLOR 2.0**

Endorsed by the American Academy of Neurology®, MDF® offers a full line of reflex hammers, including the Telescoping Babinski 2.0 and Taylor 2.0. Both have been redesigned with Dr. Douglas Lanska to accurately and effectively elicit reflexes with less effort and greater patient comfort. The Telescoping Babinski features a robust telescoping handle, built-in brush, and silicone bumper. The Taylor 2.0 is a patented, balance-weighted design with silicone bumper. All MDF hammers are covered by a lifetime warranty.
